

Voice Recorder for iPod®

Let your iPod double as a digital voice recorder

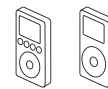

The Belkin Voice Recorder presents a great solution for iPod users who have something memorable to say. Now you can record memos, lectures, interviews, or conversations—simply by plugging the Voice Recorder into your iPod. The iPod device's abundant storage capacity lets you store hundreds of hours of high-quality audio. You can easily review your audio notes using the built-in speaker, your earbud headphones, or your computer. You can also copy recordings to your desktop or notebook computer for storage, editing, or sending to others via email. Your Voice Recorder also works as a travel alarm clock. The Belkin Voice Recorder brings a whole new dimension to your iPod—it's not just for tunes anymore.

Benefits

- Records personal memos, notes, and interviews easily, on the go, with a high-quality, omnidirectional microphone
- Features a 16mm speaker for quick playback
- Attaches securely to your iPod through a remote/headphone connector
- Indicates recording status via an LED
- Features Plug-and-Play technology, which requires no software installation; support is already built into the iPod
- Packs and travels easily with ultracompact design; includes protective storage cap

NOTE:

- iPod software version 2.1 or later REQUIRED
- iPod creates audio files in mono (true) WAV format, 16-bit audio at 8kHz
